

COMMUNITY WORKSHOP RESIDENTS' DEAL; DEVELOPING A CODE OF CONDUCT.

How can we look out for one another during the Town Centre Regeneration?

As the proposals for the Town Centre regeneration develop, the community have told Helen, our independent advisor, that they want to make sure people are looked after throughout the changes.

Helen is running two workshops because she wants to know more about the behaviour you would expect to see from everyone involved in the regeneration.

She'd love you to come and talk to her about what should go in to a code of conduct which describes the behaviour expected of everyone involved in the regeneration proposals

This is a chance to talk about how you want people to behave and how she might make that part of the Residents' Deal

If you can't stay for the full session then just drop in and join in for as long as you can ...

COMMUNITY WORKSHOP RESIDENTS' DEAL; COMMUNITY FACILITIES.

What have we got and what do we need?

Our independent advisor Helen would like to find out what the community would like to see in the future in terms of facilities and activities going on in the area.

It's things like whether there are groups that already exist in College Bank or Lower Falinge that just need supporting!

Whether there are things people want to do but have currently have nowhere or no way to do them!

She wants to know about everything that is in fact good about your neighbourhood and the details of the positive things that are happening!

This is a chance to talk to Helen and make sure your views and ideas are heard ...
