

FALINGE CARETAKING TEAMS SERVICE STANDARDS

There are long term regeneration proposals for this neighbourhood and our teams are committed to ensuring that these service standards continue to be delivered as these changes take place.

These are the services carried out by RBH Caretakers.

Responsive Work

We will:

- Clear, clean & disinfect areas where blood and human waste present a hazard
- All signs of graffiti will be removed or painted over
- Check & report any repairs outstanding to communal areas.

Block entrances, stairways, handrails, ramps, landings and window ledges.

We will:

- Sweep and disinfect landings, stairways and ramps
- Investigate & remove any abandoned items
- Brush, wipe down & clean handrails & window ledges
- Remove cobwebs from doorways, ceilings & lights.

Block chutes

We will:

- Check and clear blockages where necessary
- Investigate & remove any abandoned items
- Ensure there are no health & safety hazards present.

Pathways/courtyards

We will:

- Carry out litter picking
- Investigate & remove any abandoned items
- Ensure there are no health & safety hazards present
- Weed spray drying areas as required.

Play areas and kick pitches

We will:

- Sweep & carry out litter picking ensuring there are no health & safety hazards present
- Investigate/remove abandoned items
- Check equipment and reporting any repairs that are identified.

Fire/ Statutory Work

We will:

- Perform fire safety checks to low rise flats, landings, chutes, lights and door entry systems.

Leaving any rubbish/ other items outside your home or in the bin chute area is a breach of your tenancy conditions and will be investigated before removal. You could put your tenancy at risk if you do this.
